**Risk Management Update, Partnership Working and Strategic Risk Register**

This report is public

**Report No PRK/29/15-16/BM of Councillor P R Kerry, Portfolio Holder with  
Responsibility for Economy, Finance and Regeneration**

**Purpose of the Report**

- To update Members concerning the current position regarding Risk Management and Partnership Arrangements and to seek approval for the revised Strategic Risk Register as at 31 December 2015, as part of the suite of Finance, Performance and Risk reports.

**1 Report Details**

**Background**

- 1.1. The Council's Strategic Risk Register has been developed in the light of a consideration of the strategic and operational risks which have been identified by Elected Members and Officers as part of the Council's risk, service management and quarterly performance arrangements.
- 1.2. In its approach to Risk Management the Council is seeking to secure a number of objectives and to operate in line with recognised best practice. In order to appreciate the importance of Risk Management it is useful to reiterate these objectives:
  - To improve the way in which the Council manages its key risks so as to reduce the likelihood of them happening, and to mitigate their impact in those cases where they do materialise. This is a key element in protecting service delivery arrangements, the financial position and the reputation of the Council.
  - To strengthen the overall managerial approach of the Council. From a Governance perspective the effective operation of Risk Management is a key element of the managerial framework operating within an authority.
  - Effective Risk Management is a key component in ensuring that organisations are able to achieve their objectives, and that key projects proceed in line with plan.

- The identification of the risks attached to existing service delivery, or to a project or new initiative allows a fully informed decision to be made, and helps ensure that all appropriate measures to mitigate (or reduce) the risk are in place from the outset.
- Finally, an appreciation of the risk environment within which the Council operates assists in determining an appropriate level of financial reserves, whilst ensuring the organisation has a good awareness of its overall risk exposure.

## **2. The Strategic Risk Register**

- 2.1. The revised Strategic Risk Register as at 31 December 2015 is set out in **Appendix 1** for consideration by Cabinet. The intention is that this review of the Register will secure the following objectives:
- Identify any newly emerging risks which need to be added to the Register and removing any risks that have been resolved to maintain a focus on current risks.
  - To revisit risk score assessments and ensure that appropriate mitigation remains in place.
- 2.2. In overall terms a key theme which emerges from the Strategic Risk Register is one of an ongoing requirement to maintain our current performance in respect of service delivery, performance and governance. This objective needs to be secured against a background of both declining and less certainty concerning financial resources. Allied to the financial position local authorities are faced with significant legislative change impacting upon Housing, Planning, the welfare system, devolution and finance. These developments are anticipated to require some significant changes in the manner in which our services to local residents are delivered with the level of change required clearly having the potential to disrupt service provision.
- 2.3. During the recent round of Quarterly Performance meetings two key issues were raised. The first concerned the pace of legislative change covered in section 2.2 (above). Secondly, the issue of the loss of key staff and the difficulties being experienced in finding suitable replacements continues to be a widespread concern expressed by managers. While a limited number of services are experiencing significant problems it is clear that all areas of work are now finding it difficult to attract suitable candidates at a time when we are facing increased staff turnover. This issue already featured within the Strategic Risk Register and is detailed as Item 3 within Appendix 1.
- 2.4. Over the past few months the Council has seen an increase in the number of planning applications that have been turned down by Planning Committee. Given that the legislative framework has significantly reduced local influence over planning issues there is a clear risk that some of these decisions will be overturned at appeal with a corresponding cost to the Council. Whilst the cost of current appeals is unlikely to cause the Council major financial difficulties it does need to be recognised that such appeals will need to be funded from the Invest to Save Reserve which reduces the ability of the Council to invest in measures which protect and improve services to our local communities through minimising costs.

- 2.5. In order to develop the understanding / culture of risk throughout the organisations a series of training sessions for senior managers which covered the issue of Risk Management have been held in both the summer of 2014 with further training in the Autumn of 2015. Likewise, as part of the Members Development Programme on 26 January 2016 there was a presentation to Members concerning Risk Management.

### **Partnership Arrangements**

- 2.6. The Council has recently reviewed its arrangements resulting in Cabinet agreeing in January 2016 to a revised Risk Management (including Partnership Working) Strategy. The approach proposed in that document is that a range of strategic partnerships will continue to be reported on and monitored as part of the Council's quarterly report in respect of Risk. These will be complementary to the existing reports prepared by the Partnerships Team in respect of the partnerships it co-ordinates. The Partnerships Team provides to Cabinet update and progress monitoring reports as appropriate. While the Partnerships Team co-ordinate the Council's work with a range of external organisations it should be noted that many of these have been assessed as being of relatively limited risk, with officers adopting a proportionate and 'light touch' approach in developing appropriate working relationships which fully recognises and respects the independence of partner organisations.
- 2.7. While there will invariably be an overlap between the two reports this report will set out what might be termed as the Council's key partnerships. These are as follows:
- The relationship with the North Midlands authorities (Derbyshire and Nottinghamshire) and Sheffield City Region in progressing the economic development and devolution agenda.
  - Rykneld Homes the Council's Arms Length Management Housing provider.
  - The Strategic Alliance with Bolsover District Council which is central to the transformation agenda of delivering services at lower costs whilst enhancing service resilience.
  - Shared Services arrangements with Chesterfield, Derbyshire Dales, North East Derbyshire and the Chesterfield Royal Hospital which help secure cost effective arrangements in a number of specialist service areas.
  - Arrangements with Derbyshire County Council amongst others to secure aligned services across the public sector in areas such as health and economic development.
  - The Community Safety Team and associated statutory partners including the Police.

Although the partnerships outlined above are very different in terms of scope and working arrangements they all have in place formal governance arrangements between the partners, supported by appropriate internal governance arrangements which cover performance, finance and risk. Appropriate approvals have been agreed through the Council's formal committee arrangements, with partnership issues and developments being considered as required by this Council's constitution.

- 2.8. While the Council has in place appropriate arrangements for the management of its relationship with partner organisations it needs to be recognised that these arrangements are specific to particular partnerships. The arrangements in place are

intended to be both risk based and proportionate to the risks / exposure of the Council. In all cases the Council seeks to ensure that the benefits from partnership working in terms of securing the Council's corporate objectives exceed the associated risk.

### **3. Conclusions and Reasons for Recommendation**

- 3.1. The Strategic Risk Register is intended to highlight those areas where the Council needs to manage its risks effectively. One of the key purposes of this report is to set out the risks that have been identified (see Appendix 1) and to encourage both Members and Officers to actively consider whether the Strategic Risk Register and supporting Service Risk Registers actively cover all of the issues facing the Council. The section of Partnerships serves to highlight the extent of these working arrangements, together with the approach that has been adopted for their effective management.

#### **Reasons for Recommendation**

- 3.2. To enable Cabinet to consider the risks identified within the Strategic Risk Register/Partnership Arrangements in order to assist in maintaining effective governance arrangements, service and financial performance.

### **4. Consultation and Equality Impact**

#### **Consultation**

- 4.1. There are no issues arising from this report which necessitate a formal consultation process.

#### **Equalities**

- 4.2. There are no equalities issues arising directly out of this report.

### **5. Alternative Options and Reasons for Rejection**

- 5.1. Under the relevant good practice and to facilitate the development of robust managerial arrangements the Council is required to prepare a Strategic Risk Register as part of its risk management framework. This report is in part intended for Members and Officers to consider whether the Council has adopted an appropriate approach to its management of risk and partnerships. Given that this report is part of the approach to help ensure the effective management of risk / partnerships there is a requirement for sound governance that this report is prepared.

### **6. Implications**

#### **6.1. Finance and Risk Implications**

##### **Financial**

- 6.1.1 There are no additional financial implications arising out of this report at this stage. While where appropriate additional mitigation measures have been identified and implemented during the course of preparing the Strategic and Operational Risk Registers, the cost of implementing this mitigation will be met from within previously agreed budgets.

## **Risk**

6.1.2 Risk Management Issues are covered throughout the body of the main report.

## **6.2. Legal Implications including Data Protection**

6.2.1 There are no legal or data protection issues arising directly out of this report.

## **6.3. Human Resources Implications**

6.3.1 There are no human resource issues arising directly out of this report.

## **7. Recommendations**

7.1. That Cabinet notes the report and approves the Strategic Risk Register as at 31st December 2015 as set out in Appendix 1.

## **8. Decision Information**

<b>Is the decision a Key Decision?</b> (A Key Decision is one which results in income or expenditure to the Council of £50,000 or more or which has a significant impact on two or more District wards)	No
<b>District Wards Affected</b>	None directly.
<b>Links to Corporate Plan priorities or Policy Framework</b>	Robust Governance (including Risk Management) arrangements underpin the effective operation of the Council and its ability to secure all of the Corporate Plan priorities.

	<b>Risk</b>	<b>Consequences</b>	<b>Risk Score (Likelihood Impact) x</b>	<b>Risk Score (Likelihood Impact) Taking into Account Current Controls x</b>	<b>Risk Owner / Lead Officer</b>
1	Government Legislation / adverse external economic climate has an accelerating impact on Council (poor grant settlement), or upon the local economy, to which Council is unable to adopt an appropriate change of Strategic direction. An increased pace of legislative change has been evident following the May 2015 election.	<ul style="list-style-type: none"> <li>• Unable to deliver a package of services that both addresses changing national priorities whilst meeting changing local needs and aspirations.</li> <li>• Reduced influence over delivery of local services.</li> <li>• Unable to effectively support local communities.</li> <li>• Increased demands on Council services at a time when Council resource base is reducing.</li> </ul>	4,4, <b>16</b>	3,4 <b>12</b>	SAMT / Political Leadership
	<p><u>Mitigation.</u></p> <ul style="list-style-type: none"> <li>• The Council is outward looking and actively works to secure details of proposed change and the approaches that might be adopted to mitigate against these.</li> <li>• The Council has effective political and managerial arrangements in place to manage change.</li> </ul>				

	<ul style="list-style-type: none"> <li>• Appropriate levels of financial reserves / investment funding are maintained to fund strategic shifts in service delivery.</li> <li>• Effective engagement with staff to ensure they embrace necessary change.</li> </ul>				
2	<p>Failure to deliver a balanced budget in line with the MTFP, at a time when the Council's reserves are only at an acceptable rather than a robust level.</p>	<ul style="list-style-type: none"> <li>• Impact upon ability to deliver current level of services.</li> <li>• Unable to resource acceptable levels of service.</li> <li>• Significant adverse reputational Impact.</li> </ul>	3,4 <b>12</b>	2,4 <b>8</b>	SAMT / Chief Financial Officer / Political Leadership
	<p><u>Mitigation</u></p> <ul style="list-style-type: none"> <li>• The Council has effective financial management in place to ensure budget arrangements are robust.</li> <li>• The recent settlement has indicated challenging savings targets. A key risk is that under 'localism' there is less certainty concerning income levels (NNDR, NHB).</li> <li>• The Council has 'adequate' financial reserves in place to cushion against any loss of income for a period of at least one financial year.</li> </ul>
