262 Questions from Members

No questions had been received from Members under Procedure Rule No 9.

263 Motions on Notice from Members

The following motion had been received in accordance with the Council's Rules of Procedure from Councillor M Gordon:-

This Council does not agree with the statement by the Leader of the NEDDC Conservative Group in the Derbyshire Times (22 May 2014). The statement that "Labour maintain a stranglehold on the Council's civic selection" is false and misleading, as Council minutes record that no nominations for the post of Chair of the Council were submitted by the opposition groups at the 2014 Annual Council Meeting. Such statements undermine the reputation of the civic roles of the Council and the Conservative Leader is asked to apologise to the Chair of the Council for those remarks.

In moving the motion, Councillor M Gordon advised that it had been discussed and received full support from Members of the Labour Group. He felt that the newspaper report had given the impression that the Council was divided when there had only been one nomination for the position of Chair of the Council. Furthermore, he argued that the Council was not alone in only appointing Members of the Majority Group to chairmanships and vice-chairmanships on the Council and its committees and called on the Conservative Group Leader to apologise to the Chair of Council for his comments.

During the course of debate on the motion the points made can be summarised as follows:-

- Some Members felt that the space dedicated to the story in the newspaper could have been better used to make a positive comment about the Council's activities including its work to achieve a balanced budget, make no compulsory redundancies and build new Council housing;
- Other Members felt that the Conservative Leader should not apologise as the newspaper article was consistent with the views of many members in the Majority Group that only members of the Majority Group should hold positions of responsibility on the Council;
- The Leader of the Conservative Group rose to support his record in supporting the civic tradition in North East Derbyshire which included attendance at events such as the Brass Band Festival and Civic Service. He also drew comparisons with selection for civic posts at other councils and questioned the accuracy of the quotes attributed to him in the Derbyshire Times.

An amendment, that the motion be withdrawn, was moved and seconded by representatives of the Conservative Group. A recorded vote was taken on the amendment when the result was:-

For the amendment – 14 (Councillors J Allsop, Mrs P Antcliff, A Cooper, P Elliot, Mrs C F Ellis, S Ellis, Mrs A Foster, Mrs C D Huckerby, B Lewis, J McGrory, T J Moon, D S Oxspring, G P Ramshaw and M Thacker)

Against the amendment – 23 (Councillors Mrs J Austen, B Barnes, G Baxter MBE, G Butler, J A Dargue, M Gordon, Mrs P Hemsley, Mrs E A Hill, Mrs J Hill, C Hunt, P R Kerry, H Laws, G Morley, B Rice, B Ridgway, P Riggott, Mrs L Robinson, K G Savidge, D Skinner, Mrs C A Smith, L Stone, Ms T Williams and J Windle)

Abstentions – 0

The original motion was then put to the vote and it was:-

RESOLVED – That this Council does not agree with the statement by the Leader of the NEDDC Conservative Group in the Derbyshire Times (22 May 2014). The statement that “Labour maintain a stranglehold on the Council’s civic selection” is false and misleading, as Council minutes record that no nominations for the post of Chair of the Council were submitted by the opposition groups at the 2014 Annual Council Meeting. Such statements undermine the reputation of the civic roles of the Council and the Conservative Leader is asked to apologise to the Chair of the Council for those remarks

264 Development of the Corporate Plan 2015 - 2019

Council received a presentation on the development of the 2015 – 2019 Corporate Plan. Jane Foley, Assistant Director – Customer Services and Improvement gave the presentation and answered questions from Members.

The Corporate Plan was essential to the good governance of the Council and set out its intentions to various stakeholders. As a result, it was a public document which needed to be easy to understand in order to demonstrate how the Council managed the performance of its services.

The current Corporate Plan had been developed following extensive research and consultation and an annual report had recently been produced detailing progress. Monitoring would continue until March 2005 with a final report on progress in July 2015.

The new Corporate Plan would need to be in place for the beginning of the new civic year. A consultation timetable was provided to Members. The Corporate Plan was based on the Council’s vision, values, aims, priorities and targets. A proposed new vision was presented along with the values from the existing Corporate Plan. The aim within the new Corporate Plan would be around unlocking the Council’s growth potential which included the three aims of the Growth Strategy:-

- Supporting enterprise;
- Unlocking development potential;
- Enabling housing growth.

A number of supporting aims around customer service, developing communities and organisational transformation would underpin those growth aims. Below each aim would be a series of priorities and, in some cases, targets.

Involvement of Members was key to the development of the Corporate Plan. A draft would be taken to all Scrutiny Committees in September 2014 along with general consultation on the Members' Portal and a presentation to the Leadership Team in October.

RESOLVED – That the presentation on the Development of the Corporate Plan 2015/2019 be noted.

The Citizens' Advice Bureau had also dealt with a number of consequences from recent Government and social policy including Welfare Reform, the use of ATOS in benefits assessment and the rise of payday lenders and PPI claims. Details of their Clay Cross Office were provided to Members along with recent projects.

Following the presentation Mr Morris took questions from Members. An offer was extended to Clay Cross Parish Council for one member to sit on the North East Derbyshire Citizens' Advice Bureau Board.

RESOLVED – That the presentation from North East Derbyshire Citizens' Advice Bureau be noted.

266 Scrap Metal Dealers Act 2013 – Scrap Metal Policy

Council considered Report No NF/05/14/JA of Councillor N Foster which presented for approval the Council's revised Scrap Metal Dealers Policy.

Council was advised that metal theft had recently had a significant impact on communities, businesses and local authorities alike, which had resulted in regulatory agencies and organisations lobbying Government to update the outmoded Scrap Metal Legislation. This Policy outlined the requirements of the Act and gave guidance to new applicants, existing licence holders, consultees and members of the public, as to how the Council would administer and enforce the requirements of the Act. The Policy had been recommended to Council via the Council's Licensing Committee and would be reviewed on a regular basis. A number of agencies including the Police, Fire, Environment Agency, Trading Standards, existing licence holders and parish councils had been consulted in the development of the Policy.

SCRAP METAL POLICY

1. Introduction

- 1.1 Metal theft over recent years has had a significant impact on communities, businesses and local authorities alike. Such thefts have seen communications and the train network disrupted, historic buildings, churches etc. desecrated and everybody's safety put at risk with inspection covers, drainage gully covers and road signage being stolen. Regulatory agencies and organisations have lobbied the Government to update the outmoded scrap metal legislation. The Scrap Metal Dealers Act 2013 has been created to help prevent some of the previous issues surrounding the sale, collection, storage and disposal of scrap metal.
- 1.2 This policy outlines the requirements of the Scrap Metal Dealers Act 2013 (the Act). It gives guidance to new applicants, existing licence holders, consultees and members of the public as to how the Council will administer and enforce the requirements of the Act.
- 1.3 North East Derbyshire District Council (the licensing authority) may depart from its own policy if individual circumstances of any case warrant such a deviation. In such cases the Council must give full reasons for doing so.
- 1.4 This policy will be reviewed on a regular basis. In the preparation and publication of this policy, the following will be consulted:
 - a) Derbyshire Constabulary
 - b) Derbyshire Fire and Rescue Service
 - c) Environment Agency
 - d) The Council's Environmental Protection Team
 - e) Derbyshire County Council's Trading Standards Team
 - f) British Transport Police
 - g) Existing licence holders
 - h) Parish Councils
 - i) Other relevant agencies at the discretion of the Licensing Authority

2. Background

- 2.1 The Scrap Metal Dealers Act 2013 came into effect on 1 October 2013. It repeals previous legislation and creates a revised regulatory regime for scrap metal recycling and vehicle dismantling industries.
- 2.2 The Act defines a 'scrap metal dealer' as a person who carries on the business which consists wholly or in part of the buying and selling of scrap metal, whether or not the metal is sold in the form it was bought. This does not include manufacturing operations that sell metal as a by-product of the processes being used in that operation. This includes the business of collecting scrap metal, i.e. door to door collectors.
- 2.3 The definition of scrap metal dealer is wide and may include skip hire firms and tradesmen, such as plumbers and builders who sell scrap metal resulting from

their businesses.

- 2.4 In these circumstances, each business will be considered on its own merits but consideration will be given to the amount of metal sold and how incidental the sale is to the main business.
- 2.5 The Act identifies the local authority as the principal regulator and gives them the power to regulate these industries by the ability to refuse licences to 'unsuitable' applicants and the power to revoke those licences held by licence holders who become 'unsuitable'.
- 2.6 The Act states that "scrap metal" includes:
- Any old, waste or discarded metal or metallic material, and
 - Any product, article or assembly which is made from or contains metal and is broken, worn out or regarded by its last holder as having reached the end of its useful life.

This definition does include platinum and other rare metals now being used in catalytic converters in vehicle exhausts.

- 2.7 The following is not considered to be "scrap metal":
- gold
 - silver, and
 - any alloy of which 2 per cent or more by weight is attributable to gold or silver.
- 2.8 A dealer also includes someone carrying on the business as a motor salvage operator. This is defined as a business that:
- Wholly or in part recovers salvageable parts from motor vehicles for re-use or re-sale and then sells the rest of the vehicle for scrap
 - Wholly or mainly involves buying written-off vehicles and then repairing and re-selling them
 - Wholly or mainly buys or sells motor vehicles for the purpose of salvaging parts from them or repairing them and re-selling them.

- 2.9 The Act is not intended to include second hand goods. Jewellers or businesses trading in second hand gold, silver and products are not included in this legislation.

However, only vehicles without a certificate of destruction, or are capable of being driven without repair, with or without a valid MOT are likely to be classed as second hand goods. Other vehicles are likely to be considered scrap. These aspects will be considered when the Council determines whether or not a scrap metal dealer licence is required. It should also help prevent any motor

salvage operators attempting to circumvent the legislation and its requirements.

- 2.8 Any words or expressions in the policy have the meaning assigned to them under the Act.

3. Types of Licence

- 3.1 A licence is required to carry on the business as a scrap metal dealer. A licence once granted lasts for three years. Trading without a licence is a criminal offence.

- 3.2 There are two types of licences specified in the Act:

Site Licence

All sites operating as a scrap metal business must be licensed. Each site must have a named site manager. A site licence allows the licence holder to transport scrap to and from the site from any local authority area.

Collector's Licence

This licence allows the holder to collect scrap within the area of the issuing local authority. This licence does not permit the holder to operate a scrap metal site, nor does it allow collection outside of the area of the issuing authority. If a person collects scrap from numerous local authority areas, a collector's licence will be required from each local authority he/she collects scrap within.

A dealer can only hold **ONE** type of licence in any one local authority.

- 3.3 A site under the Act is defined as 'any premises used in the course of carrying on a business as a scrap metal dealer, (whether or not metal is kept there)'. This means a dealer will require a licence for an office, even if they do not operate a metal store or yard from those premises.
- 3.4 Holding a site or collector's licence does exempt the licensee from requiring any other licence or permit to operate their scrap metal business.

4. Suitability of Applicant

- 4.1 The Council must determine if an applicant is a suitable person to carry on the business as a scrap metal dealer.
- 4.2 The Council may have regard to any information which it consider to be relevant, this may include:
- a) Whether the applicant or site manager has been convicted of any relevant offence; or
 - b) Whether the applicant or site manager has been the subject of any relevant enforcement action; or
 - c) Whether there has been any refusal of an application of the issue or renewal of a scrap metal licence and the reasons for the refusal; or

- d) Whether there has been any refusal of an application for a relevant environmental permit or registration and the reasons for the refusal; or
- e) If there has been any previous revocation of a scrap metal licence, and the reasons for the revocation; or
- f) Whether the applicant has demonstrated there will be adequate procedures in place to ensure compliance with the Act.

4.3 When establishing the applicant's suitability, the Council may consult with the following agencies:

- a) Derbyshire Constabulary;
- b) Her Majesty's Revenue and Customs;
- c) Environment Agency;
- d) The Council's Environmental Protection Team
- e) Derbyshire County Council's Trading Standards Team and
- f) Any other organisation it feels is appropriate.

- a) Any other local authority;
- b) The Environment Agency; or
- c) An officer of a police force.

This does not limit any other power the authority has to supply that information.

- a) name of the authority which issued the licence;

- d) the address of the site identified on the licence;
- e) the type of licence, and
- f) the date of expiry on the licence.

6.2 The register will be open for inspection by members of the public.
The Council are required to update the register on a regular basis.

7. Display of Licence

7.1 Once granted, a copy of the licence must be displayed at each site identified on the licence, in a prominent place accessible to members of the public.

7.2 A copy of a collector's licence must be displayed on any vehicle that is being

used in the course of a dealer's business. It must be displayed in a prominent position so that it can be easily read from outside the vehicle.

8. Verification of Supplier's Identity

- 8.1 Before receiving scrap metal, the dealer must verify a person's full name and address, by reference to documents or data from a reliable and independent source.
- 8.2 If suitable verification is not obtained the scrap metal dealer, or site manager, or person who has been delegated responsibility by the dealer or site manager for verifying the name and address, shall be guilty of an offence.

 - c) The registration mark of the vehicle it was delivered by;
 - d) Full name and address of the person delivering it, and
 - e) Full name of the person making payment on behalf of the dealer.
- 10.3 The dealer must keep a copy of the documents used to verify the delivery person's name and address.
- 10.4 If payment is by cheque a copy of the cheque must be retained.

- 10.5 If payment is by electronic transfer a receipt identifying the transfer must be retained, or the details of the transfer.
- 10.6 **Disposal of Metal**
- 10.7 Disposal under the Act covers metal:
- a) Whether or not it is in the same form when it was purchased;
 - b) Whether or not it is to another person; or
 - c) Whether or not it is despatched from a site.
- 10.8 Disposal records must be recorded, including:
- a) Description of the metal, including its type (types if mixed), form, weight
 - b) Date and time of disposal;
 - c) If to another person, their full name and address, and
 - d) If payment is received for the metal (sale or exchange) the price or other consideration received.
- 10.9 If disposal is in the course of business conducted under a collector's licence, the dealer must record:
- a) Date and time of disposal, and,
 - b) If to another person, their full name and address.
- 10.10 **Supplementary**
- 10.11 The information collected during receipt and disposal must be recorded in such a manner that allows the information and the metal to which it relates to be easily identified.
- 10.12 The records of receipt must be marked so as to identify the metal to which they relate.
- 10.13 Records must be kept for a period of 3 years beginning on the day of receipt, or disposal (as may be).

- a) Reasonable attempts to give notice had been given and had failed, or

GAP.

On appeal the magistrates' court may confirm, vary or reverse the Council's decision, and give such directions as it considers appropriate having regard to the provisions of the Act.

14. Revocation and Imposing Conditions

14.1 The Council may revoke a scrap metal licence if it is satisfied the licence holder does not carry on a scrap metal business at any of the sites named on the licence.

14.2 The Council may revoke a scrap metal licence if it is satisfied the site manager named on the licence does not act as a site manager at any of the named sites on the licence.

14.3 The Council may revoke a scrap metal licence if it is satisfied the licence holder is no longer a suitable person to carry on the business.

- 14.4 If the licence holder, or site manager named on a licence is convicted of a relevant offence, the authority may impose one or both of the following conditions:
- a) The dealer must not receive scrap metal except between 9am and 5pm on any day;
 - b) All scrap metal received must be kept in the form in which it was received for a specified period, not exceeding 72 hours, beginning with the time when it was received.
- 14.5 A revocation or variation only comes into effect when no appeal under the Act is possible, or when such appeal has been determined or withdrawn.
- 14.6 If the authority considers the licence should not continue without the addition of one or more of the conditions in section 15.4, the licence holder will be given notice :
- a) that, until a revocation comes into effect, the licence is subject to one or both of the conditions, or
 - b) that a variation comes into immediate effect.

15. Closure of Unlicensed Sites

- 15.1 If an authorised officer of the Council, is satisfied premises are being used by a scrap metal dealer in the course of their business and the premises are unlicensed, they may issue a closure notice.

A copy of the notice must be given to:

- a) a person who appears to be the site manager, and
- b) any person who appears to be a director, manager, or other officer of the business.

A copy may also be given to any person who has an interest in the business, a person who occupy part of the premises, or where the closure may impede a person's access to that other part of the premises.

- 15.2 After a period of 7 days, the authorised officer may apply to a justice of the peace for a closure order.

The court must be satisfied the premises will continue to be used by a scrap metal dealer, or there is a reasonable likelihood that the premises will be.

A closure order will close the premises immediately, and the premises will remain closed to the public until the Council makes a termination of closure order by certificate. The scrap metal dealer must cease his business immediately. It will require the defendant to pay a sum into the court, which not be released until the person has complied with the requirements of the order.

Such an order may have a condition relating to the admission of people into the premises, or may include a provision the court considers appropriate.

A copy of the order must be placed on the premises in a prominent position by

the Council.

- 15.3 Once the requirements of the order have been complied with and the Council is satisfied the need for the order has ceased, a certificate may be made. This ceases the order and the sum of money paid into the court is released.

A copy of the certificate must be given to any person the closure order was made against, give a copy to the court and place a copy on the premises.

A copy must be given to anyone who requests one.

- 15.4 Anyone issued with a closure order may complain to a Justice of the Peace. The court may discharge the order, if it is satisfied there is no longer a need for a closure order.

The licensing authority may be required by the court to attend and answer the complaint made.

Notice of the hearing must be given to all people issued with the closure order.

- 15.5 Appeal may be made to the Crown Court against:

- a) a closure order;
- b) a decision not to make a closure order;
- c) a discharge order; or
- d) a decision not to make a discharge order.

Any appeal must be lodged within 21 days beginning on the day on which the order or decision was made.

Appeal a) and b) may be made by any person who was issued with an order. Appeal c) and d) may be made by the Licensing Authority.

- 15.6 A person is guilty of an offence, if they allow the premises to be open in contravention of a closure order, without reasonable excuse, or fails to comply with, or contravenes a closure order.

- 15.7 An authorised officer of the Authority may enter the premises at any reasonable time to ensure compliance with the order. They may use reasonable force if necessary.

- 15.8 An authorised officer must produce evidence of their identity or evidence of their authority to exercise the powers under the Act, if requested to do so.
