

KEY	
<span style="display:inline-block; width:15px; height:10px; background-color:lightgreen;"></span>	Available for service
<span style="display:inline-block; width:15px; height:10px; background-color:lightgrey;"></span>	Existing and expected coverage
<span style="display:inline-block; width:15px; height:10px; background-color:lightblue;"></span>	In Progress
<span style="display:inline-block; width:15px; height:10px; background-color:white;"></span>	Under Review

- Caveats:**
- 1) Plans are subject to survey and may change
  - 2) Some postcodes may only have partial coverage
  - 3) Some postcodes may be addressed in more than one phase, spreading across 2014 to 2016
  - 4) Some premises covered by fibre-delivered services will not obtain superfast speeds
  - 5) Forecast dates may be brought forward or pushed back
  - 6) Derby City is not part of the current deployment phase

\* This data relates to existing and expected commercial coverage of superfast Broadband up to 2015. The information on commercial coverage was collated through an open market review and public consultation undertaken in 2013
