REPORT DETAILS

1 Background

- 1.1 The Public Sector Internal Audit Standards require that the Internal Audit Consortium Manager reports periodically to the Audit and Corporate Governance Scrutiny Committee in respect of performance against the audit plan. Significant risk and control issues should also be reported.

2. Details of Proposal or Information

- 2.1 Appendix 1 is a summary of reports issued between the 10th July 2021 and the 27th August 2021. The Appendix shows for each report the level of assurance given and the number of recommendations made / agreed where a full response has been received. This provides an overall assessment of the system's ability to meet its objectives and manage risk. The definitions of the assurance levels used can be seen at Appendix 2.
- 2.2 In this period 2 reports have been issued both with substantial assurance.
- 2.3 Reports are issued as Drafts with five working days being allowed for the submission of any factual changes, after which time the report is designated as a Final Report. Fifteen working days are allowed for the return of the Implementation Plan.
- 2.4 Appendix 3 provides full details of the audits completed and audits in progress in respect of 2021/22. We are currently slightly behind on the 2021/22 internal audit plan because:-
- The completion of the 2020/21 internal audit plan ran into 2021/22.
 - The NEDDC Senior Auditor left and there was a short recruitment gap
- 2.5 The Consortium is now fully staffed again and concentrating on the 2021/22 internal audit plan.
- 2.6 No issues arising relating to fraud have been identified.

3 Reasons for Recommendation

- 3.1 To inform Members of progress on the 2021/22 Internal Audit Plan and to provide details of the Audit Reports issued to date.
- 3.2 To comply with the requirements of the Public Sector Internal Audit Standards.

4 Alternative Options and Reasons for Rejection

- 4.1 None
