

**NORTH EAST DERBYSHIRE DISTRICT COUNCIL \***

**RECORD OF DECISION TAKEN BY THE  
EXECUTIVE DIRECTOR – OPERATIONS**

**ESENTIAL REMEDIAL WORK AT FORMER LOCKO BROOK DEPOT**

**2 September 2016**

<b>Authority for decision</b>	<b>Decision</b>	<b>Reasons</b>	<b>Alternative options considered and rejected</b>	<b>Conflicts of interest and any dispensation</b>
9.1 To exercise within approved budgets all matters of day to day administration and operational management of the services and functions for which they are responsible.	To undertake work at the former Locko Brook Depot including supply and erection of a Palisade fence, backfilling excavations undertaken by intruders on the site, cap manholes with bolted down metal covers, asbestos sweep of adjacent footpath at a total cost of £15,400.	The fence at the former depot has been cut in a number of areas and there is evidence of public incursion onto the site. The existing structures on the site have been damaged, while unauthorised excavations and removed manhole covers present clear risks to any unauthorised persons on site. While a longer term solution to the site is required we need to address the immediate safety concerns as a matter of urgency.	To develop a longer term plan for the site prior to undertaking any remedial work. Given the condition of the site it is important that public access is limited at the earliest possible opportunity and that the highest risk areas of the site are addressed as a matter of urgency. The work outlined in this report will achieve those objectives and is a necessary first step in implementing any longer term solution.	None.
