Members considered the application having regard to the suitability of the proposal in the location in policy terms, its effect on the character of the site and the Higham Conservation Area, the amenity of neighbouring uses and highway safety issues.

RESOLVED – That application number NED/19/00056/OL be refused contrary to officer advice on the grounds that:-

- (1) The proposal would result in development in the countryside as defined in the North East Derbyshire Local Plan. The site comprises an area of land with boundaries delineated by hedgerows and trees and forms open land between settlements.

The proposals if granted would result in the loss of open land and the development does not relate well to the settlement of Higham and would be incongruous in both scale and form. The proposals would be inappropriate within the landscape as it would result in the loss of open agricultural land valued as an integral part of the rural setting of Higham.

The proposals would result in significant harm to the landscape and visual receptors and these negative environmental impacts significantly and demonstrably outweigh the social and economic benefits of the development.

The proposal is therefore deemed contrary to policies GS1, GS6, BE1 and NE1 of the North East Derbyshire Local Plan policies SS1, SS9, SDC3 and SDC 12 of the North East Derbyshire Local Plan 2014-2034 (Publication Draft) as well as the National Planning Policy Framework when read as a whole.
