						risks/threats/opportunities; mitigation; and potential further action. • Strategic and Operational risks are reviewed constantly and consideration given with regard to an escalation of the risk to become a strategic risk.						
STR3	Original Date: Sept 19	Review Date: Oct 23	Inherent Risk Score (Likelihood x Impact)	3x5	15	Residual Risk Score (Likelihood x Impact)	2x5	10				
STR4 Emergency Planning and Business Continuity arrangements fail to meet required standards See STR 13 for Cyber security specific risk			<ul style="list-style-type: none"> Inability of Council to provide services as a consequence of a severe catastrophic external event (e.g. flooding, major terrorist incident, pandemic, fire, loss of ICT systems). Failure of IT infrastructure, leading to inability to effectively operate services and to safeguard income streams. Business Continuity Plans prove ineffective in practice. Reputational damage. 			<ul style="list-style-type: none"> The Council works in partnership with a range of partners on its Emergency Planning and Business Continuity arrangements to ensure that we operate in line with best practice. There is an annual 'desktop' scenario to test officers understanding of the arrangements and validate that they are fit for purpose in a realistic 'test' scenario. All services have Business Continuity plans in place which identify key risks and mitigation. Corporate IT systems have been tested against Industry standards for Business Continuity. The Council works in partnership with a range of other agencies that should be able to provide support in the event of the Council's own procedures and resources failing to be effective. The Council has in place, and continues to develop, industry standard measures to minimise business interruption. Business Continuity exercise has now been delivered during early 2022 focussed upon the loss of access to digital data/systems. An action plan has been developed based upon the learning and findings from the event. A Business Continuity Exercise has been undertaken during November 2022 with 			Business Continuity exercise Complete Power Outage - An action plan is currently in development based upon the learning and findings from the event. Work is underway with LRF partners across Derbyshire to strengthen the LRF, meeting the newly published LRF Standards. This is alongside transitioning to a Local Resilience Partnership, supported by a small team, upskilling partner organisations and ensuring better community involvement in the development of plans. From July 23 this became live and the LRF is now Derbyshire Resilience Partnership (DRP). Working with Counter Terrorism Police, NEDDC are accessing training materials and direct support to assist in preparation for the Protect Duty referred to as Martin's Law. Recent SMT training undertake 'ACT Strategic'. Further	SMT	Ongoing

						a focus upon widespread and Complete Power Outage <ul style="list-style-type: none"> Senior staff trained on Magic/Gold Command. Member Emergency Plan drafted and issued. The main Emergency Plan reviewed and due to be adopted shortly Training Plan being developed and training log maintained in the Emergency Plan The first service level business continuity exercise has been completed in Streetscene. It was well received by staff and good lessons learnt. NEDDC participated in a multi-agency major incident (Storm Babet) involving all SMT and business continuity incident (Flooding) and Eckington Depot. Lessons learnt but generally went well. 			training for teams with responsibility for assets planned. Key improvement is the role out of 'Invacuation' procedures. H&S taking corporate lead, like Fire Evacuation. No further investment in assets until the Protect Risk Assessment Template is made available to assist in balancing the risks.			
STR4	Original Date: Sept 19	Review Date: Oct 23	Inherent Risk Score (Likelihood x Impact)	5x5	25	Residual Risk Score (Likelihood x Impact)	5x3	15				
STR5 Difficulty in recruiting to key posts or in replacing key staff who leave.			<ul style="list-style-type: none"> Deterioration in services to the public. Increasing inefficiencies in service provision. Weakening of Internal Control arrangements. Increased pressure on other members of staff. Opportunity to facilitate review of job roles/services to ensure staffing structure is fit for purpose to meet current needs The market has changed significantly as a result of the COVID Pandemic. It is proving harder to recruit to some posts. 			<ul style="list-style-type: none"> The Council has effective communication and working relationships with management and staff across the organisation to identify issues and threats in regard to this risk. There are embedded practices and sufficient funding to bring in agency staff where required to maintain service performance in such instances. The Councils Agile Working Policy enables the recruitment net to be cast wider than before and is now providing some mitigation. Appropriate training budgets are in place to ensure that staff receive necessary training to maintain service quality / 			<ul style="list-style-type: none"> Part of the ongoing work is identifying opportunities to 'partner' with others who share the same challenges and experiences. Work is ongoing with managers to improve workforce planning and succession planning within key services and job roles. Consider external review and assessment of key post salaries against market conditions. Dedicated web page being created as repository for Talent Pipeline strategy, videos, staff testimonies, 	SMT	Ongoing	Amber

STR22 Threat to recruitment and retention of senior officers.			<ul style="list-style-type: none"> Following production of the Pay Policy Statement for 2023/24 the organisation is aware that its senior management pay is considerably lower than most of those in Derbyshire. The pay gap between lowest paid and highest paid is also closing with recent LA pay rises very much favouring the lower end of the pay scales with pay compression becoming evident. 			<ul style="list-style-type: none"> The benefits of working for NEDDC are wider than salary alone. There are a range of benefits including the Councils Agile Working Policy that offers recruitment advantage and these are providing some mitigation. At NEDDC there is also a great culture. Both Senior Management and Leadership Team are actively building a 'ONE TEAM' ethos which is built 'top down' and 'bottom up' with the aim of getting everyone 'buying in', feeling that they are part of the solution and that 			<ul style="list-style-type: none"> External review and assessment of SMT structure and salaries against market conditions followed by a more in-depth risk review of the situation. This will inform future action (or not) in a risk based and risk appetite context. Head of Paid Service report to Council November 23 	SMT HOPS	Summer 2023 Nov 23	Amber

			<ul style="list-style-type: none"> Over recent months - we are experiencing fewer applicants for SMT roles and vacancies. With each national % pay increase for LA senior roles – the monetary gap between NEDDC senior roles and those in other similar LA organisations increases. Now more than ever before senior officers are placed under exceptional challenge to deliver solutions and strategies to safeguard service provision. Without the appropriate, level of pay we may see talent and experience either not be attracted in the first instance or move away from the public sector at this level. At NEDDC the situation is potentially compounded by the apparent lower than average pay of its senior roles when compared to its near neighbours. 			<p>everyone has the opportunity to influence our success and shape our future.</p> <ul style="list-style-type: none"> The Council is ensuring that the culture and benefits for working for North East Derbyshire DC are 'front and centre' in all recruitment packages. A 'Talent Pipeline' strategy has also recently been produced and adopted by the Council. It is very much anchored to our 'continued employee growth' and 'grow your own' corporate mind-set. In essence the talent pipeline is a multi-stream mechanism within which a cohort of candidates are engaged, supported and developed with the intention of filling future roles that might open up within the organisation – such a strategy does engender a n increased level of loyalty along with the positive culture described above.
