Subject: Policy Consultation comments.

<p style="border-style: solid; border-color: #ff0000; text-align: center;"><strong>Warning External</strong></p> Hi, I have received two letters regarding the current policy consultation for North East Derbyshire. I am a trustee of a licensed premises, and I am also a Personal Licence holder. I have only one comment to make.

In 3 places, 7.1, 7.13, and 7.29 there is reference to " violence against women and girls". I see no reason why this should not apply to all ages and gender types.

Also a minor point, 7.53, notices does not need an apostrophe.
