

Planning Committee 3rd December 2024

SUMMARY OF LATE COMMENTS/REPORT UPDATE

The aim of this report is to seek to avoid the need for lengthy verbal updates that Planning Officers have sometimes needed to provide in the past at the Planning Committee. In consultation with the Chair, it has been decided that on the evening before committee a summary of all the late comments/representations received so far will be emailed to the Committee Members by the Governance Team.

It is possible that verbal updates will still be required at the meeting as sometimes comments are received at the last minute or Officers may wish to amend their recommendations: however Officers will seek to keep verbal updates to a minimum.

At the meeting Officers will only refer briefly to any key points of the case in the summary that has been emailed, as well as providing the usual verbal update for any additional last minute items.

If Members have any queries about the comments or the application itself please feel free to contact the relevant case officer given beneath the title of each summary below.
