

Stage 1 – Equality Impact Assessment Screening

Any new policy, strategy, function, service, practice, or proposal will need to be screened to decide whether it's relevant to equality and if this is the case, it is necessary to build an assessment (Stage 2) into the **initial drafting** or **development** of the piece of work.

The relevant strands of equality are:

Age, Disability, Gender identity/Gender reassignment, Race, Religion or belief, Sex, Sexual orientation, Women who are pregnant or have recently had a baby.

Also, for issues affecting staff, consider employees who are married or in a civil partnership.

The next section sets out the points you may need to consider in determining whether to carry out an EIA (stage 2). For advice/support in making this determination, please contact the Performance & Improvement Team (Equality lead).

3.	Can the council influence the impact? E.g., is it a statutory requirement, national guidance etc.		No
